

KFAUSA Greetings

Comradely greetings to the Korean People's Army on its 75th Anniversary.

The Korean People's Army has for the last 75 years defended the free and independent people of the Democratic People's Republic of Korea from Western imperialism. It is through their sacrifices that the Korean people have been able to become the masters of their own destiny.

We at the Korean Friendship Association USA recognize the brilliance of the Songun policy under the leadership of Respected Marshall Kim Jong Un and its necessity in maintaining the sovereignty of the Korean people. We support the "Treasured Sword" nuclear deterrent which has shielded the Korean people and stoked fear into the hearts of those that would seek to enslave them.

As we enter today into a multipolar world, the NATO-EU-USA axis of Western imperialism is beginning to lash out, like a dog backed into a corner. It is through the bravery and prowess of the Korean People's Army that the people of the Donbass will be protected on the frontlines of this conflict. In the coming years, democratic peoples the world over will achieve a new standard of independence as they emerge from beneath the yolk of capitalist, imperialist, and fascist subjugation. The KFAUSA understands that the KPA will play a leading role in this new world.

Long live the Korean People's Army!

Long live Comrade Kim Jong-un!
